| <input type="checkbox"/> Construction | <input type="checkbox"/> Grip   | <input type="checkbox"/> Lighting | <input type="checkbox"/> Props          | <input type="checkbox"/> Special Effects |
| <input type="checkbox"/> Continuity   | <input type="checkbox"/> Hair   | <input type="checkbox"/> Makeup   | <input type="checkbox"/> Set Decoration | <input type="checkbox"/> Transportation  |
| <input type="checkbox"/> Costume      | <input type="checkbox"/> Labour | <input type="checkbox"/> Paint    | <input type="checkbox"/> Sound          |  |

**How did you hear about the Apprenticeship Program?** \_\_\_\_\_

**Please list and provide copies of all relevant Education and Certifications/Licences:**  
\_\_\_\_\_  
\_\_\_\_\_

**Signature:** \_\_\_\_\_ **Date:** \_\_\_\_\_

*Please note that your application is valid up to 1 (one) year. If you wish to continue being listed in the Apprentice Program you must notify the office and submit an updated resume.*

## LIST OF CERTIFICATES

Below is a list of recommended training/certification by department. We highly recommend that technicians take this training to remain competitive.

Please note that it is not mandatory to provide the following certificates when applying for an Apprenticeship in most of the departments. The only exception is the Transportation Department which requires that Apprenticeship applicants possess a minimum DFZ class driver’s license. Some of the certificates listed below may be a requirement when submitting a Permittee application and/or for Membership eligibility.

All Apprentices MUST submit a copy of their **Ministry of Labour Worker and Supervisor Health and Safety** certificates, when hired by a production.

**Important COVID-19 Information**

Please be aware of COVID-19 restrictions and their application to our industry; particularly in the areas of **proof of vaccination and masking**.

While the Province may be easing restrictions in certain areas, there is nothing that [prohibits an employer](#) or business from maintaining measures they believe will [best ensure the safety of their employees](#). In addition to an employer’s obligation to take necessary steps to protect the safety of its employees; specific to our sector, broadcasters, funders, and insurers, including Telefilm and the Short Term Compensation Fund which many of our productions subscribe, are requiring that Producers take reasonable steps to mitigate the spread of COVID-19 on their production to not jeopardize their collective investment in the production.

Production protocols, working off the [Section 21 Committee COVID-19 Guidance](#), are still in place. While this pandemic continues to evolve rapidly, NABET 700-M UNIFOR does not foresee productions rolling back any of those provisions at this time. This includes, but is not limited to, COVID-19 testing, the requirement that **all cast and crew** be vaccinated against COVID-19, the requirement to properly wear masks and other PPE, and distancing in the workplace. Furthermore, in regards to vaccination status, every individual production implements a vaccination policy wherein fully vaccinated can be **two doses** and or we are seeing many productions that consider “fully vaccinated” as having **two doses plus the Health Canada recommended booster**. This is something being implemented on many of the service productions in the Province and productions of ours are beginning to implement the same, especially those with US cast or crew working on them.
