

## **BUILD, PAINT and DECORATE.**

New Technologies in Film Making:

How they affect what we do and how we do it.

Enjoy a full day of seminars and note swapping between departments!

**Thursday February 25<sup>th</sup>, 2010**

**PS Toronto, 80 Commissioners Street**

**9:00am – 4pm.**

**DOP Alwyn Kumst csc,**

PS Toronto and NABET700 CEP

present a day for the Paint, Construction and Set Dec Departments

to view their work through the lens of state of the art cameras.

Guest speaker **Lindsey Hermer Bell** will take us through the needs of the art department. A variety of scenic and set dec displays will be on view and discussed to camera. **Alwyn Kumst**, DOP on many NABET productions, notably Relic Hunter and Mutant X, will discuss why these samples appear on camera as they do.

Acquire the knowledge that you will need to meet the demands of a rapidly changing industry, that is dictating what and how we build, paint and decorate.

If you would like to join us for this fabulous day, please call reception at (416) 536-4827 to register.

Members \$25; Permits \$40

**A light lunch will be served.**

**We are looking for volunteers.**

**If you are interested in donating a bit of time, please call  
Joanne at (416) 536 4827 ext. 250**
